Figure 1. Corn, FSA Acreage Planted, Tennessee, 2026 (August Crop Data)

For the 2026 crop year, USDA Farm Service Agency's certified corn acres planted in Tennessee totaled 878,970 acres. Prevented planted acres totaled 2,816 acres. Current reported acreage (acres will be added between now and the final report in January 2027) is 1.9 percent more acres of corn in 2026 than 2025's 862,456 acres. The top five counties for corn planted acres in Tennessee were Obion, Gibson, Weakley, Henry and Dyer counties. The top five counties planted 34 percent of Tennessee's total corn acres.

Figure 3. Cotton, FSA Acreage Planted, Tennessee, 2026 (August Crop Data)

For the 2026 crop year, USDA Farm Service Agency's certified cotton acres planted in Tennessee totaled 186,467 acres. Prevented planted acres totaled 2,644 acres. Current reported acreage (acres will be added between now and the final report in January 2027) is 1.3 percent less acres in 2026 than 2025's 188,907 acres. The top five counties for cotton planted acres in Tennessee were Haywood, Crockett, Carroll, Lauderdale and Gibson counties. The top five counties planted 59 percent of Tennessee's total cotton acres.

Figure 5. Grain Sorghum, FSA Acreage Planted, Tennessee, 2026 (August Crop Data)

For the 2026 crop year, USDA Farm Service Agency's certified grain sorghum acres planted in Tennessee totaled 3,456 acres. Current reported acreage (acres will be added between now and the final report in January 2027) is 29 percent more acres in 2026 than 2025's 2,675 acres. The top five counties for grain sorghum planted acres in Tennessee were Hardin, Franklin, Davidson, Wayne and Fayette counties. The top five counties planted 73 percent of Tennessee's total grain sorghum acres.

Figure 7. Soybean, FSA Acreage Planted, Tennessee, 2026 (August Crop Data)

For the 2026 crop year, USDA Farm Service Agency's certified soybean acres planted in Tennessee totaled 1,597,748 acres. Prevented planted acres totaled 4,587 acres. Current reported acreage (acres will be added between now and the final report in January) is 7 percent more acres in 2026 than 2025's 1,487,492 acres. The top five counties for soybean planted acres in Tennessee were Dyer, Gibson, Tipton, Haywood and Obion counties. The top five counties planted 35 percent of Tennessee's total soybean acres.
